

Maximize your take-home income with a Flexible Spending Account

Your flexible spending account (FSA) is a special account that allows you to set aside money from your paycheck to pay for qualified medical expenses. You can use the money to pay for a wide range of expenses, including:

- Prescription drugs
- Medical equipment
- Transportation to medical appointments
- Child day care
- Dependent day care
- Health insurance premiums
- Long-term care insurance premiums
- Health savings account (HSA) contributions
- Health care services provided by a health care professional
- Health care services provided by a health care provider
- Health care services provided by a health care provider
